

Dieter Scheel

Sustainable Waste Solutions Expands Management Team

SOUDERTON, PA (October 5, 2010)—Sustainable Waste Solutions (SWS), a landfill-free waste and recycling company, announced the expansion of its management team with the arrival of seasoned accounts manager Dieter Scheel. Scheel will manage key accounts as well as expand its current market sectors including higher education and pharmaceutical.

Scheel has over 25 years experience in providing transportation, hazardous waste, residual waste, and recycling solutions. He has managed a sales team of five, managing multi-million dollar accounts. Scheel received his degree from Bucks County Community College.

Randy Hendricks, Founder and CEO of SWS stated, “We are extremely pleased to welcome an experienced business development manager. Dieter has a great depth of experience and his business acumen will be a valuable asset to our team.”

About Sustainable Waste Solutions

Sustainable Waste Solutions, LLC, a locally owned and operated recycling and solid waste services company, is the only landfill-free waste company in our region. Its focus is economic and environmental sustainability. Headquartered in Montgomery County, Pennsylvania, Sustainable Waste Solutions serves its clients throughout Southeastern Pennsylvania, Lehigh Valley and Delaware.
